

Session Program

1-2 Oct 2024

First COMETA workshop on artificial intelligence for multi-boson physics

Context

Nikhef
Veltman Center - H331

Tuesday 1 October

09:00

Context

Session | **Location:** Nikhef, Veltman Center - H331

09:00–09:10 **Welcome and introduction**

Speakers

Alessandra Cappati, Flavia de Almeida Dias, Matteo Presilla

09:10–10:10 **Theory aspects of jet & jet flavour definition**

Speaker

Simone Caletti

10:10–10:30 **Break**

10:30–11:30 **Experimental aspects of jet flavor definition in ATLAS and CMS**

Speaker

Francesco Armando Di Bello

11:30–12:30

Experimental aspects of jet substructure technical definition in ATLAS and CMS

Speakers

Deniz Sunar Cerci, Mario Campanelli

13:30
