

Safety for BL4S in East Hall

General Safety in East Hall

- Necessary PPE (Personal Protective Equipment) to enter the building are: **helmet, safety shoes and personal dosimeter**. Shorts, skirts or sandals are **forbidden**.

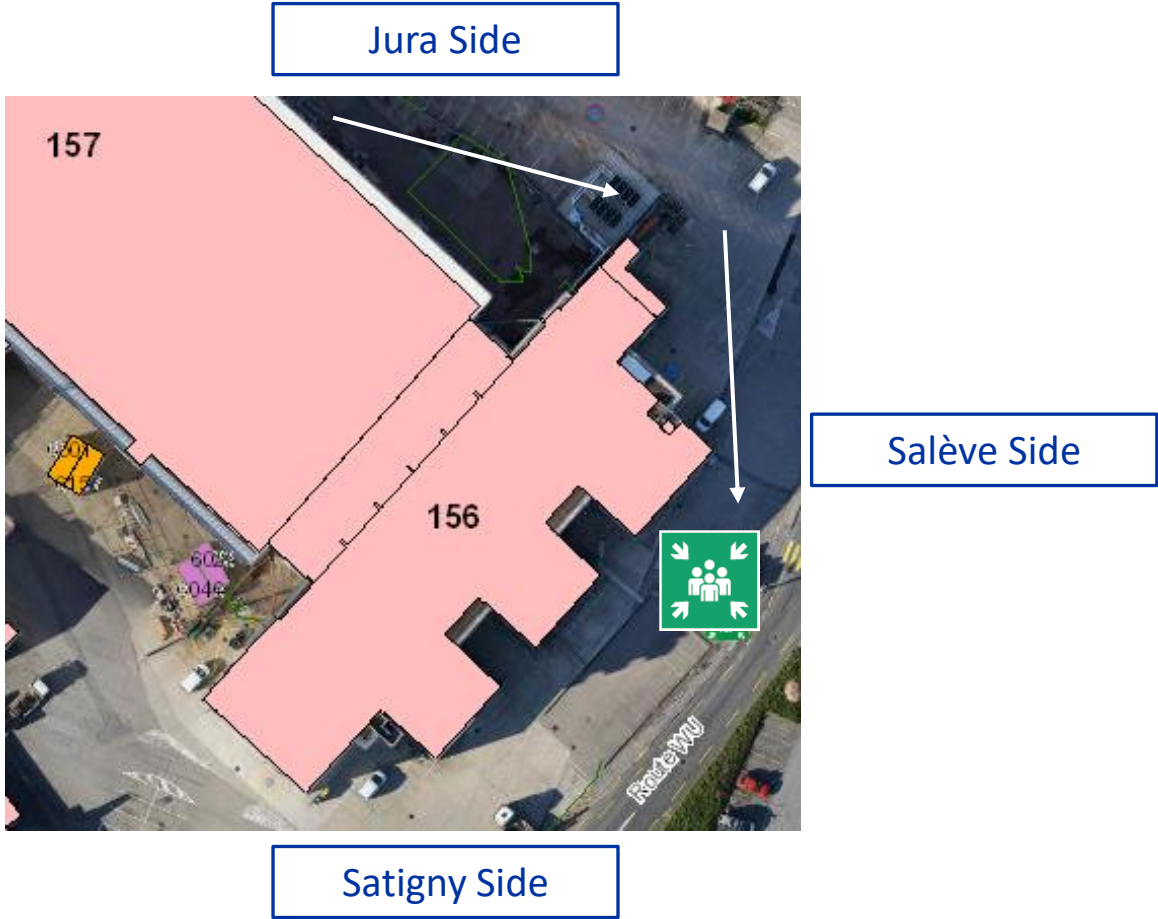

Additional PPE might be required, depending on the activities to be performed.

- The T10 Experimental Area is equipped with safety installations, including **fire extinguisher at the entry of the area** and **AUG (Arret Urgence General)** in the area. *Please, take some time to familiarise yourself with their position!*

B.157 : 1 Assembly Point, located on the Salève Side

Please familiarise yourself with its location.

In case of evacuation alarm, you must immediately evacuate calmly and join the assembly point

Additional Safety Information

- It is forbidden to eat / drink in classified areas, this is the case in B.157.
- Call the **Fire Brigade** immediately in case of emergency (**74444** or **+41 227674444**) and stay online with them as long as necessary.
- Any **accidents or incidents** shall be declared via:
<https://edh.cern.ch/Document/General/IncidentDeclaration>
- In case of any safety related questions, different safety actors are available :

TSO – Territorial Safety Officer

Contact: aboubakr.ebn.rahmoun@cern.ch
