

Business Analysis: Empowering Teams and Projects:

Monday 5 May 2025 14:00 (1 hour)

How does Business Analysis enhance collaboration and project success? In this session, we'll explore the role of the Business Analyst as a key player in any team. Learn how Business Analysis practices help bridge communication gaps, align stakeholders, and ensure that project goals deliver real value. This introduction highlights how BAs drive clarity, manage requirements, and foster teamwork, making them an essential part of high-performing projects.
