

**Supplier' s database clean-up
ILO Forum (24th September 2024)
Cristina Lara**

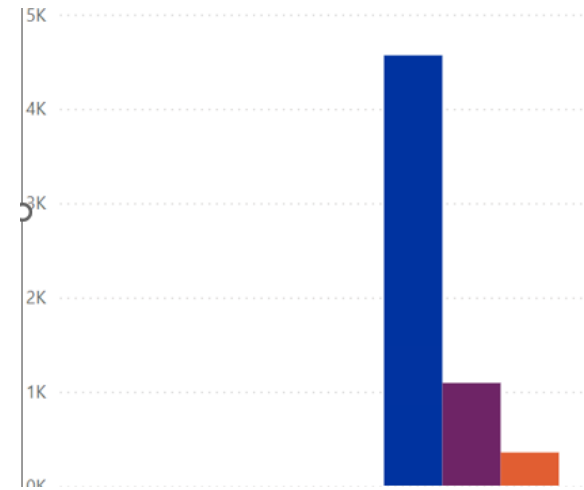

Pre clean-up overview

Definitions

- **Recent:** firm whom CERN has placed an order/contract in the past 8 years.
- **Prospective:** firm contacted for a MS/IT/DO in the last 8 years but no or new contract for the last 8 years.
- **Potential:** firm registered in the past 5 years but has never been contacted.
- **To Inactive:** any firm outside the above definitions.

Inactivated suppliers insight

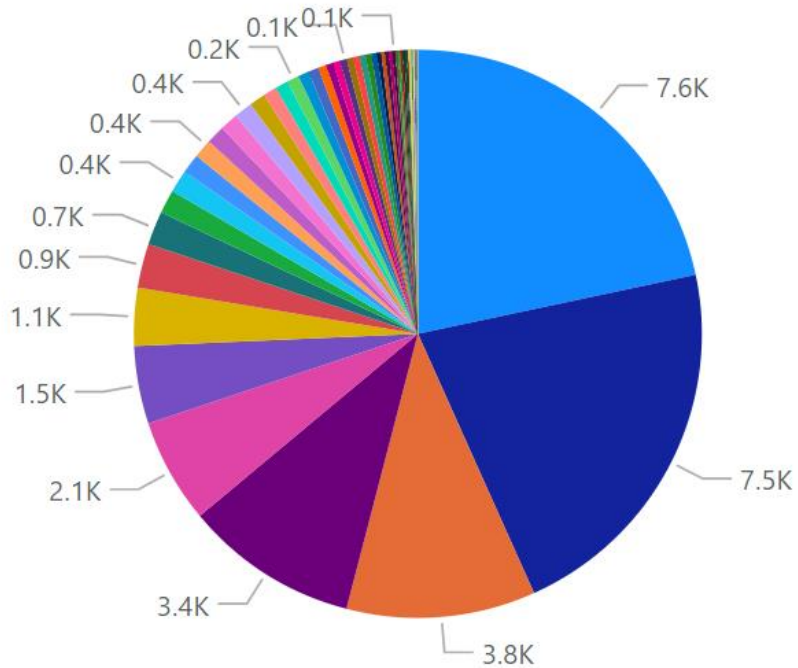

Registered for more than 5 y-> never contacted
 Firms contacted for MS/IT/DO more than 8 y ago
 Firms received a contract more than 8 y ago

Some numbers post clean-up:

- 32k suppliers visible in our DB
- 16k suppliers with contracts in past 8 years (~50%)
- 14k suppliers that we will have to inactivate in coming years if a contract is not placed with them soon
- 2k suppliers that we have never worked with them

Post clean-up overview

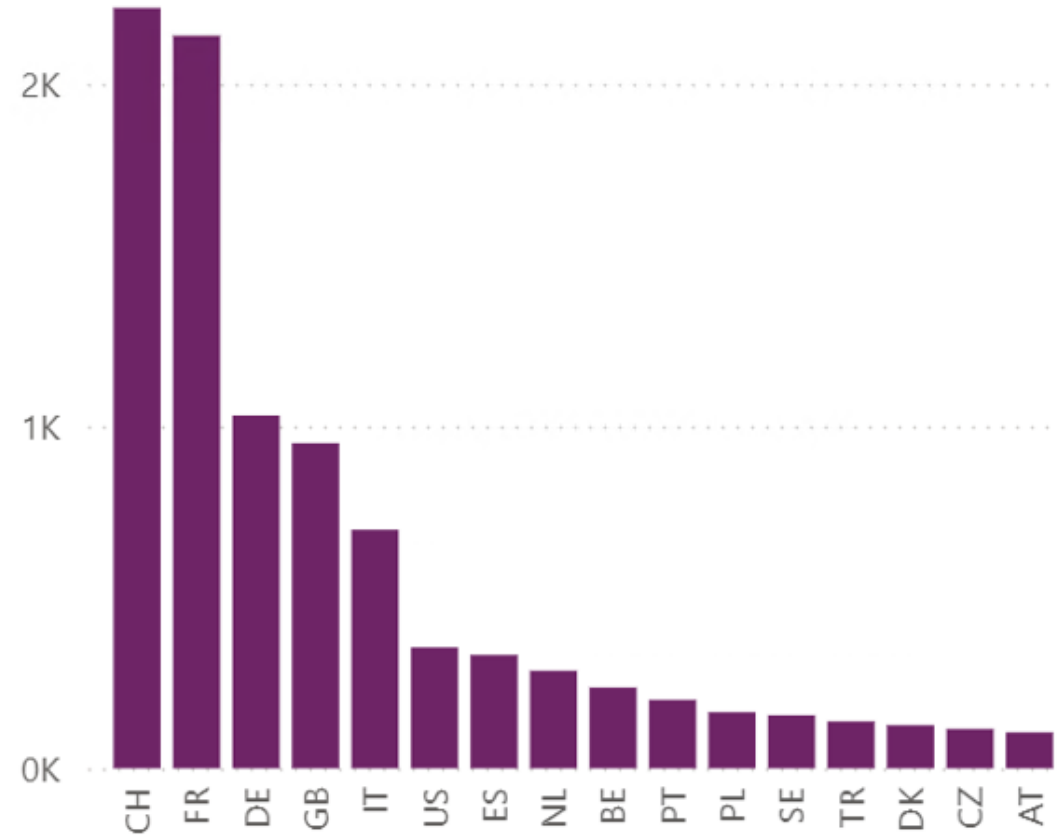

32k suppliers in the DB

11k suppliers registered in In-tend (since 2017)

Country

- CH
- FR
- DE
- GB
- IT
- US
- ES
- NL
- BE
- SE
- PL

*Not all countries included

Next steps

Annual clean-up every June-July (last one was in 2014)

All ILOs are going to be requested to update the firms registered for their country:

- **Contact names**
- **Email, tel, web site**
- **Addresses**
- **Etc.**
