FCC Notes

- “Common Sense” Policy on publication of FCC related results:
 - If it includes MC data and tools and statistics from the FCC-ee. And it has FCC-ee in the title (!)
 - Have a detailed FCC Note posted as well as the draft paper version in CDS, and a presentation (or more) at the Physics Performance meeting
 - P&P conveners will define reviewers for a speedy decision on submission
 - Several Notes still hanging there since a few months...would like to get them published
