

# **EuCAPT online Fast Response Workshop on the Hubble constant**

**EuCAPT**

**12-09-2024**

**Andrea Caputo & Miguel Escudero Abenza**

# The Goal and the Schedule

**The goal is to understand where are we with H0.**

15:00	<b>EuCAPT Welcome</b> <i>ON Line only, CERN</i>	<b>5 mins</b> 15:00 - 15:05
	<b>Abigail Lee: CCHP status and JAGB method</b> <i>ON Line only, CERN</i>	<b>15+10 mins</b> 15:05 - 15:30
	<b>Gagandeep Anand: SH0ES status, TRGB and SBF</b> <i>ON Line only, CERN</i>	<b>15+10 mins</b> 15:30 - 15:55
16:00	<b>Vivian Poulin: The H0 tension as a cosmic calibration tension</b> <i>ON Line only, CERN</i>	<b>15+10 mins</b> 15:55 - 16:20
	<b>Discussion Session: Moderated by Julien Lesgourgues</b> <b>including Barry Madore, Adam Riess, Sherry Suyu &amp; Licia Verde</b> <i>ON Line only, CERN</i>	<b>40 mins</b> 16:20 - 17:00

**Great thanks in advance to all the speakers, to our panel moderator and to the panel members!**

**EuCAPT**

# The Plan

---

**The idea is to make the meeting as informal as possible and in consequence we decided not to record it**

**Questions are most welcome after the presentations:**

- 1) You can use the chat to type in your question**
- 2) You can raise your hand in zoom**

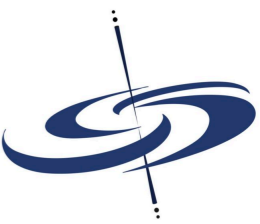

**The questions will be moderated. Preference will be given to panel members**

**Please, write your full name on zoom for your questions to be considered**

**Welcome everyone and lets start! 😊**

**EuCAPT**
