

# DRD-on-Calorimetry Spokespersons' Farewell

Roman Pöschl

DRD Calo – Collaboration Meeting October/November 2024

- Indico page: <https://indico.cern.ch/event/1449522/>
  - 184 registered participants, 54 on-site partially from far away
  - Note that today is a holiday in many European countries
- The motivation is witnessed by the fact that we got
  - At least three offers for meetings outside CERN (and I believe we should benefit from this)
  - People expressed to add a day of parallels prior to the main meeting to have more plenaries during the main meeting (meeting 3 days ->4 days)
- Also ideas to put Working Groups into life
  - Mechanics (cooling), photodetectors
- Thanks very much to Patricia and Caroline for the support!!!!
  - ... this appreciation extends to the Video conference services

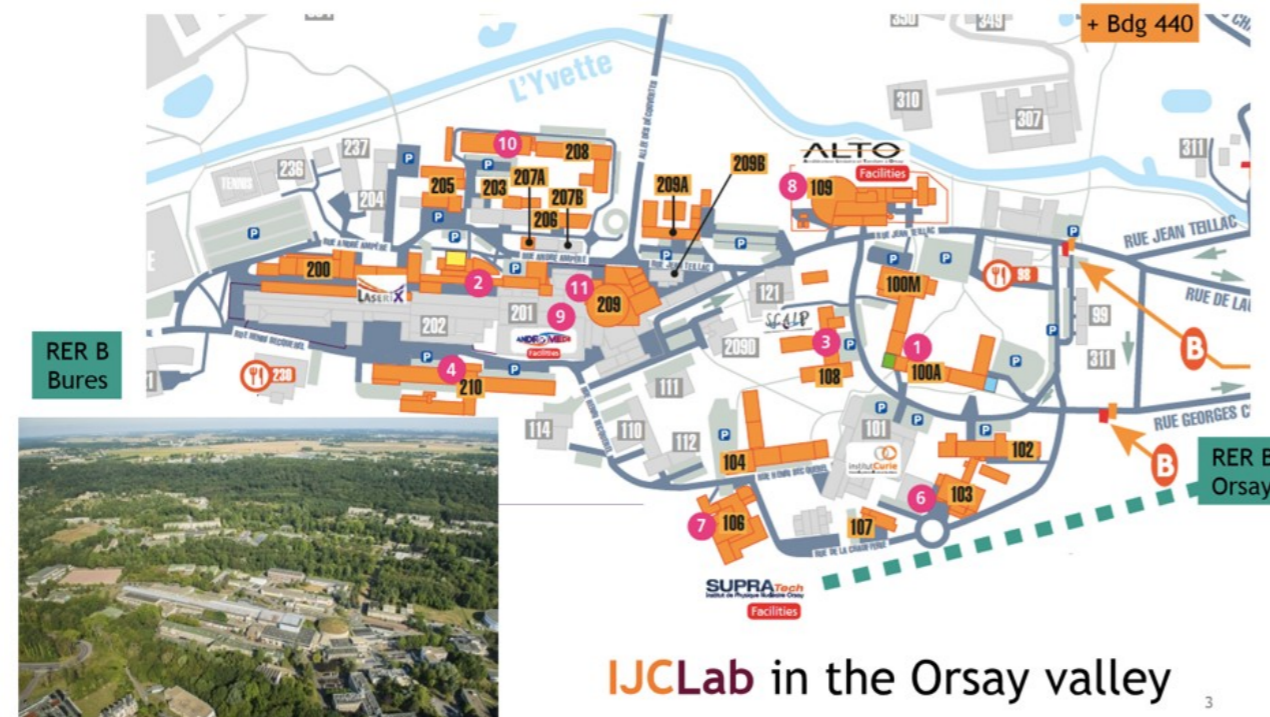

## Ancona Italy (Presentation by Luigi Montalto)

Preferred date week of  
15<sup>th</sup> September 2025

## IJCLab Orsay France

Could be April (first two weeks)

- Details on meetings 2025 will be communicated soon
- Outlook: Valencia already offered for 2026 (others under discussion)

Thanks for your participation  
and have a safe trip home
