

What a once-in-a-life time experience!!

- It has been amazing 3.5 weeks!!
- You all have learned
 - High Energy Physics in general
 - Standard Model and underlying physics
 - Higgs Physics
 - Super-symmetry
 - Use of Monte Carlo simulations
 - Experiments and data analysis
 - Computing grid and its use for your science
- You have changed dramatically in the short period of time!
- You have made good friends from all over Africa
- You will be the ones advancing science in this continent
- Keep not only the knowledge but also the spirit of ASP!
- Look for other opportunities to work closely!

Nice to have met you all!

Have a safe trip back home!

See you soon somewhere!
