

Session Program

21-25 Apr 2025

**Portorož 2025: Particle Physics from Early
Universe to Future Colliders**

Neutrino

Friday 25 April

09:00

Neutrino

Session

09:00–09:35

Coherent elastic neutrino-nucleus scattering in the Standard Model and beyond

Speaker

Valentina De Romeri

09:35–09:57

Electromagnetic Properties of Neutrino

Speaker

Dr Sudip Jana

09:57–10:19

Discovering Long-lived Particles at DUNE

Speaker

Salvador URREA GONZALEZ

10:19

10:50

Neutrino

Session

10:50–11:12

Trident production at accelerator neutrino facilities

Speaker

Dr Innes Bigaran

11:12–11:34

Predicting the QCD axion mass

Speaker

Malte Buschmann

11:34
