

Session Program

14-18 Oct 2024

The 8th International Conference on Micro Pattern Gaseous Detectors (MPGD2024)

Session 4

Hefei

Monday 14 October

16:40

Session 4

Session | Location: Hefei | Convener: Damien Neyret

16:40-17:05

Research on TPC physics experiments and simulation methods at Back-n white neutron source

Speaker

Haizheng Chen

17:05-17:30

Performance of resistive MPGD for hadron calorimeter

Speaker

Anna Stamera

17:30-17:55

Towards MPGDs with embedded pixel ASICs

Speaker

Lucian Scharenberg

17:55-18:20

Simulating Timing Performance of Resistive Detectors with Garfield++

Speaker

Djunes Janssens

18:20
