

Session Program

14-18 Oct 2024

The 8th International Conference on Micro Pattern Gaseous Detectors (MPGD2024)

Session 6

Hefei

Tuesday 15 October

11:15

Session 6

Session | **Location:** Hefei | **Convener:** Gabriele Croci

11:15–11:40

Exploitation of a 2D triple GEM detector at the MASTU spherical tokamak

Speaker

Celora Agostino

11:40–12:05

Comparative study of resistive MPGD technologies

Speaker

Darina Zavazieva

12:05–12:30

Wavelength shifters for optically read out MPGDs

Speaker

Florian Maximilian Brunbauer

12:30
