

## **Session Program**

**14-18 Oct 2024**

# **The 8th International Conference on Micro Pattern Gaseous Detectors (MPGD2024)**

## ***Session 6***

Hefei

# Tuesday 15 October

11:15

## Session 6

Session | Location: Hefei | Convener: Gabriele Croci

11:15-11:40

### Exploitation of a 2D triple GEM detector at the MASTU spherical tokamak

**Speaker**

Celora Agostino

11:40-12:05

### Comparative study of resistive MPGD technologies

**Speaker**

Darina Zavazieva

12:05-12:30

### Wavelength shifters for optically read out MPGDs

**Speaker**

Florian Maximilian Brunbauer

12:30
