

Session Program

14-18 Oct 2024

The 8th International Conference on Micro Pattern Gaseous Detectors (MPGD2024)

Session 10

Hefei

Wednesday 16 October

11:15

Session 10

Session | Location: Hefei | Convener: Lei Zhao

11:15-11:40 **A 512-channel FEE prototype based on the custom ASIC for MPGD**

Speaker
Jiaming LI

11:40-12:05 **Application of the VMM3a/SRS for tracking systems and TPCs**

Speaker
Karl Jonathan Flöthner

12:05-12:30

Development and experimental study of the high spatial resolution muography system with Micromegas detectors

Speaker
Yu Wang

12:30
