

4th WG4 General Meeting

Monday 16 September 2024

Updates on Simulations (15:10 - 16:40)

time	[id] title	presenter
15:10	[3] CMOS simulation and connection between device-level and electronics simulations	
15:25	[5] Other detectors/technologies/activities	
15:40	[6] Newly measured semiconductor properties	
15:55	[7] Radiation damage: validation with measurements and development of high-fluence models	
16:10	[8] Time dependent electric/weighting field	
16:25	[9] Simulation tools development
