Asymmetry
Essential Asymmetries of Nature

Thanks to all organizers for a great job !

Local Organizing Committee:

Andrea Caputo (CERN),
Luca Di Luzio (INFN Padua),
Valerie Domcke* (CERN),
Miguel Escudero* (CERN),
Joachim Kopp (CERN),
Clara Murgui (CERN),
Maria Ramos (CERN),
Stefano Rigolin (INFN Padua),
Edoardo Vitagliano (INFN Padua)

Scientific Organizing Committee:

Andrea Caputo (CERN),
Basudeb Dasgupta (Tata Inst.),
Luca Di Luzio (INFN Padua),
Valerie Domcke (CERN),
Miguel Escudero (CERN),
Yasaman Farzan (IPM, Teheran),
Enrique Fernandez Martinez (IFT Madrid)
Joel Jones-Perez (PUCP),
Joachim Kopp (CERN),
Clara Murgui (CERN),
Stephen Parke (Fermilab),
Maria Ramos (CERN),
Stefano Rigolin* (INFN Padua),
Filippo Sala (Bologna U.),
Fuminobu Takahashi (Tohoku U.),
Edoardo Vitagliano (INFN Padua)

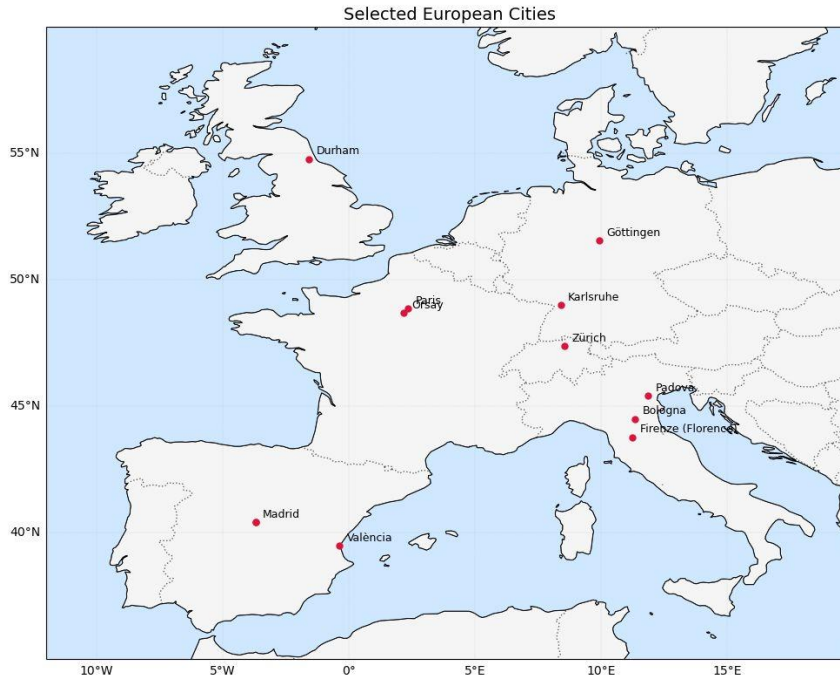

And very special thanks to the chairs !

And the admin support !

Asymmetry
Essential Asymmetries of Nature

This is the first time that Invisibles is organized by an associate node: CERN, which also hosts many Invisibles trainees!

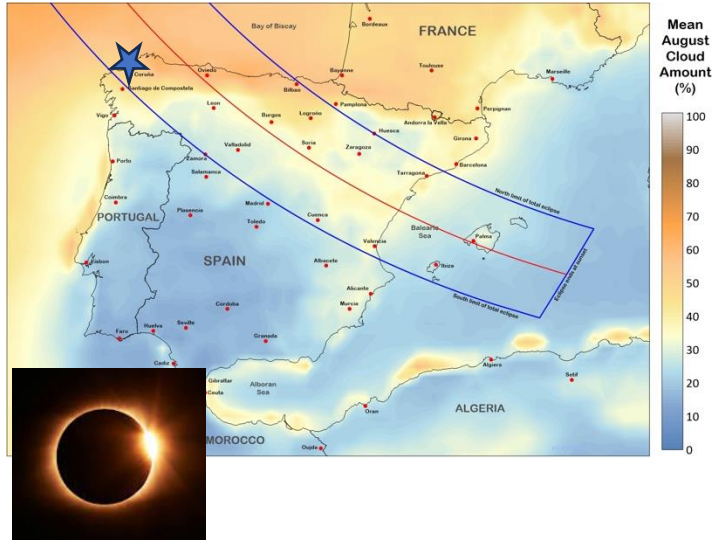

Thank you !

10-14 August 2026
A Coruña, Spain

INVISIBLES26

The **Invisibles26 Workshop** will take place at **A Coruña**, a lovely coastal city in the northwest of Spain, on **August 10-14**. **A Coruña** is on the path of a total solar eclipse on **Wednesday August 12th**.

The conference venue is in the center of Coruña: **SEDE Fundación ABANCA**.

Registration is open: <https://indico.cern.ch/event/1561367/registrations/118956/>

As the capacity for the event is limited (<200), your registration needs to be confirmed by the organizers.

INVISIBLES26

Asymmetry
Essential Asymmetries of Nature

Once the registration is approved, we do encourage you to fix your travel plans as soon as possible since there is very high demand due to the eclipse!

- Coruña airport (LGC), 15 minutes away from city center; some international flights.
- Santiago de Compostela International airport (SCQ), 65 km away, ~ 45' away.
- Porto airport (OPO), in Portugal, 3 hours away. Many international connections.

Plane tickets can already be bought.

Trains: High speed RENFE rail connection to Madrid (just over 3 hours; tickets can be bought only 3 months in advance), and good and frequent connections to Santiago de Compostela and Vigo.

More information on travel and housing options can be found in the event webpage.

See you at Invisibles 2026 !
