

## **Session Program**

**28-29 Nov 2024**

# **Other Science Opportunities at the FCC-ee**

## ***Positron applications***

CERN, 40/S2-D01 - Salle Dirac

# Thursday 28 November

15:50

## Positron applications

**Session** | **Location:** CERN, 40/S2-D01 - Salle Dirac | **Convener:** Benjamin Rienacker

15:50–16:10 **Overview of slow positron beam facilities**

**Speaker**

Benjamin Rienacker

16:10–16:30 **Material sciences with high-brightness, low energy positron beams**

**Speaker**

Dr Marcel Dickmann

16:30–16:50 **New experiments with dense positron clouds**

**Speaker**

Antoine Camper

17:30
