

Session Program

28-29 Nov 2024

Other Science Opportunities at the FCC-ee

Multipurpose applications of the e-/e+beams and beamstrahlung photons

CERN, 40/S2-D01 - Salle Dirac

Friday 29 November

09:00

Multipurpose applications of the e-/e+beams and beamstrahlung photons

Session | **Location:** CERN, 40/S2-D01 - Salle Dirac | **Convener:** Dr Marco Calviani

09:00–09:10 **Introduction**

Speaker

Dr Marco Calviani

09:10–09:30 **Beamstrahlung radiation properties**

Speaker

Alessandro Frasca

09:30–10:00

Preliminary Assessment of the Radionuclide Production Possibilities at the FCCee

Speaker

Charlotte Duchemin

10:00–10:30 **A neutron source at FCC-ee?**

Speaker

Frank Gunsing

10:30
