

Session Program

15 November 2024

ESPP white paper preparation meeting for LHeC

Part II

CERN, 6/2-004

Friday 15 November

11:30

Part II

Session | **Location:** CERN, 6/2-004

11:30–11:45 I: The LHeC at the frontline of particle and nuclear physics

Speaker

Christian Schwanenberger

11:45–12:00

II: LHeC physics enabling HL-LHC & high-energy proton collider physics

Speakers

Claire Gwenlan, Maarten Boonekamp

12:00–12:15 III: LHeC technology enabling a Higgs factory

Speakers

Paul Richard Newman, Yannis Papaphilippou

12:15–12:30 IV: Technical feasibility of the LHeC

Speakers

Yannis Papaphilippou, Yuji Yamazaki, Prof. achille stocchi

12:30–12:45 V: The LHeC Cost and Resource Estimates

Speaker

Oliver Bruning

12:45–13:00 VI: The LHeC implementation plan

Speakers

Oliver Bruning, Yuji Yamazaki

13:00
