

# HGTD Production Database

## September 17th 2024

- Module FDR review dates update
  - Possible dates Oct 28, 30, 31 (afternoon CERN time)
    - Will fix two dates soon
- Prepare an ATLAS note to document the HGTD component serial number definition
  - <https://cds.cern.ch/record/2910370>
  - Will ask Sebastian and Zhijun to advertise this to the Module Assembly group, to double check again the definitions
- Emailed to wafer/sensor group asking if they need to upload metadata that correspond to their IV measurements
- Email Jie Zhang asking him to help in SN definitions for PEB and VTRX
