

Session Program

13-18 Apr 2025

Third Town Hall KM3NeT Meeting

Galactic neutrino sources

Les Houches, France

Tuesday 15 April

09:00

Galactic neutrino sources

Session | **Location:** Les Houches, France

09:00–09:25 **The ultra-high-energy sky seen by LHAASO**

Speaker

Min Zha

09:25–09:50 **Recent Results from The HAWC Gamma-Ray Observatory**

Speakers

SARA COUTINO DE LEON, Sara Coutino, Sara Coutiño

09:50–10:15 **H.E.S.S. Galactic results**

Speaker

Quentin Remy

10:15–10:40 **Galactic neutrino sources**

Speakers

Stefano GABICI, Stefano Gabici

10:40–11:00 **break**

11:00–11:20 **ANTARES and KM3NeT Galactic Plane Results**

Speakers

Francesco Filippini, Francesco Filippini, Francesco Filippini

11:20–11:40 **IceCube Galactic Plane Results**

Speakers

Ludwig Neste, Ludwig Neste

11:40–12:05

VHE diffuse Galactic emission with the new version of KRA-gamma model

Speakers

Pedro De la Torre Luque, Pedro De la Torre Luque, Pedro Jose De La Torre Luque, Pedro Jose De La Torre Luque

12:05–12:30

VHE diffuse Galactic emission with a special focus on unresolved sources

Speaker

Prof. Francesco Villante

12:30
