

Session Program

23-24 Jan 2025

Workshop on Neutrinos@CERN

Block 2

CERN, 40/S2-C01 - Salle Marie Sklodowska-Curie

Thursday 23 January

11:10

Block 2

Session | **Location:** CERN, 40/S2-C01 - Salle Marie Sklodowska-Curie

11:10-11:30

The Physics Case for a Short Baseline Beam at CERN: Cross-section and BSM Physics

Speaker

Dr Stephen Dolan

11:35-11:55

Beamline Overview and Implementation of the Neutrino Monitoring System

Speaker

Andrea Longhin

12:00-12:20

Neutrino Tagging: Technology and Implementation

Speaker

Mathieu Perrin-Terrin

12:25-12:50

Possible Implementations of SBN@PBC in the CERN Complex

Speaker

Marc Andre Jebramcik

13:00
