Friday 24 January

09:00

Block 5

Session | **Location:** CERN, 40/S2-C01 - Salle Curie

09:00–09:20

Charge Readout Prototyping and Beam Tests for ND-Gar

Speaker

Tanaz Mohayai

09:25–09:45

Future Hadroproduction measurement with NA61/SHINE

Speaker

Eric Daniel Zimmerman

09:50–10:10

Neutrino physics with SHIP

Speaker

Giovanni De Lellis

10:15–10:35

NuSTORM

Speaker

Dr Xianguo Lu

10:40–10:55

High track density reconstruction of p-A interactions at SPS energies from DsTau

Speaker

Prof. Murat Ali Guler
