

Session Program

18 October 2024

OQIxGiga: Quantum for Connectivity Roundtable

Thematic snapshots

CERN, 160/1-009

Friday 18 October

13:30

Thematic snapshots: Part 1

Session | Location: CERN, 160/1-009

13:30-13:50

What quantum is and is not: Distinguishing the false from the reasonable promises of quantum computing and the quantum technology ecosystem

Speaker

Pierre Fromholz

13:50-14:05

The quantum internet: Concept, infrastructure, connectivity, feasibility

Speaker

Tiff Brydges

14:10

14:25

Thematic snapshots: Part 2

Session | Location: CERN, 160/1-009

14:25-14:40

Quantum for education

Speaker

Adrian Schmidt

14:40-14:55

Practical and ethical implications of quantum technology / computing

Speaker

Eline de Jong

15:15
