

# *“Experience from the HL-LHC integration process”*

## **Content:**

- *Context: BBLR inside the HL-LHC Project – the role of HL-LHC WP15 in the BBLR studies*
- *BBLR Space reservation of 2018*
- *Different scenarios for integration of electronics “RR-option” vs “UR-option”: pro/contra*
- *Advancement and status of Civil Engineering plan vs. integration*
- *Actual status (integration, cables estimation, routing)*
- *Next steps expected*
