

Session Program

25-28 Feb 2025

(Re)interpretation of the LHC results for new physics

Reinterpretation studies/pheno -cont-

CERN, 4/3-006 - TH Conference Room

Friday 28 February

09:00

Reinterpretation studies/pheno -cont-

Session | **Location:** CERN, 4/3-006 - TH Conference Room

09:00–09:15

Revisiting the LHC Constraints on Gauge-Mediated Supersymmetry Breaking Scenarios

Speaker

Mr Rameswar Sahu

09:20–09:35

Revisiting Universal Extra-Dimension Model with Gravity Mediated Decays

Speaker

Kirtiman Ghosh

09:40–09:55

Sensitivity of LHC searches to Inert Doublet Model via Recasting with CheckMATE2

Speaker

Jayita Lahiri

10:00–10:30

coffee & tea

10:30–10:45

New Higgses at the electroweak scale

Speaker

Andreas Crivellin

10:55–11:10

Flavour anomalies and implications for BSM

Speaker

Nazila Mahmoudi

11:20
