

Switzerland

Preparation for the European Strategy Update 2024-25

18 October 2024 – first meeting in CH for the kick off of the process
questions to be answered and organisation

5 February 2025 – University Bern full day Workshop

Young people should be involved, with common Swiss input (not separate from ECRs)

Inputs should reflect Swiss particle physics community, Not government / funding agency opinions

Proposal to invite: Full CHIPP plenary including ECRs, observers, emeritus

Prepare already all the material at the end of December'24 to be discussed in February
