

News - Physics Performance, Oct 21, 2024

P. Azzi (INFN – PD), E. Perez (CERN), M. Selvaggi (CERN)

- We are working on the 1st draft for the Feasibility Study report
 - Many thanks to those who have written up their work in a FCC note !
 - Don't hesitate to contact us as soon as you have updated plots/notes
- Remember: new CDS site : repository.cern
- At the ECFA in Paris there were a lot of excellent presentation from FCC
 - ~39 2-pages submissions about FCC to the ECFA document (out of 89 today) for WG1
 - We invite all of you that submitted to the ECFA website also to submit to our own "FCC Ecfa repository" since it is useful also for us to have those summaries.
- Strong support by U. Van der Leyen during the 70th CERN anniversary celebration !!!
