

Session Program

21-23 Jan 2025

Dark Showers Workshop

Flash Talks

Tuesday 21 January

16:20

Flash Talks: 1

Session | **Location:** Online | **Convener:** Marcella Bona

16:20–16:27 **Exploring Dark Showers with Radiations**

Speaker

Bingxuan Liu

16:32–16:39 **Probing photons-enriched signatures for Semi-visible jets at the LHC**

Speaker

Cesare Tiziano Cazzaniga

16:45–17:00

Long-lived glueballs as a test of early matter domination [Extended talk]

Speaker

Filippo Sala

17:05–17:12 **Constraints on resonant and non-resonant production modes of SVJs**

Speaker

Clarisse Prat

17:17–17:24 **Reinterpreting LHC Dark QCD results**

Speaker

Thomas Wojtkowski

17:29–17:36 **A multi-boson door into compositeness**

Speaker

Abhishek Iyer

17:41–17:48 **Search for top-coupled dark sector with emerging jets signatures**

Speaker

Yi-Mu Chen

17:53–18:00 **Exploring Higgs Portals to Hidden Sectors via Dark Showers**

Speaker

Abhijith Gandrakota

18:00

Wednesday 22 January

15:00

Flash Talks: 2

Session | **Location:** Online | **Convener:** Jannicke Pearkes

15:00–15:07 **Semivisible Jets from Dark Glueballs**

Speaker

Ms Zofia Borowska

15:12–15:19 **Bridging the Higgs Portal to the Dark Sector: From FCCee to LHC**

Speaker

Emre Sitti

15:24
