

Session Program

13-17 Oct 2025

4th DRD4 Collaboration Meeting

***Working Group 3 meeting (open to the whole
DRD4 community)***

CERN, 222/R-001

Thursday 16 October

14:10

Working Group 3 meeting (open to the whole DRD4 community)

Session | Location: CERN, 222/R-001 | Convener: Tessarotto, Fulvio

14:10-14:30 Status and perspectives of hydrophobic aerogel production

Speaker

Dr Tabata, Makoto

14:35-14:55 FastRICH and other ASICs for future photon detectors

Speaker

Keizer, Floris

15:00-15:20 Construction and test of the TORCH full-size module prototype

Speaker

Lehuraux, Marion

15:25-15:45

Construction and test of SiPM detector prototypes with ALCOR readout for the ePIC dRICH detector at the EIC

Speaker

Preghenella, Roberto

15:50

16:10

Working Group 3 meeting (open to the whole DRD4 community)

Session | Location: CERN, 222/R-001 | Convener: Tessarotto, Fulvio

16:10-16:30 Measurements of CF₄ scintillation properties

Speaker

Brunbauer, Florian Maximilian

16:35-16:55

An integrated housing with active cooling for SiPM arrays of the next generation RICH Detectors

Speakers

Cardinale, Roberta, Pezzulo, Serena

17:00
