Website News (Technical)

- Thanks to colleagues at NLeSC we have website tracking via their Matomo instance
 - See this [pull request](#) for details
- This is setup as anonymised stats tracking, with no personally identifiable information
 - GDPR safe
 - Does not set cookies, so no annoying cookie accept pop-ups
 - Explained in our new [privacy page](#)
- The collapsed “hamburger” menu in the website header was ~~is~~ [no longer working](#)
 - Now it is fixed!
 - This was a side effect of a Blowfish change on September 4, but was broken on everse.software from October 17 until today (sorry!)

What's new

General

- Seeing the strong shift from X/Twitter to BlueSky, we will setup a BlueSky account for EVERSE too and phase out X/Twitter
- Next Newsletter: late Jan/early Feb 2025
 - Symposium report
 - Interview with WP2 Leads
 - OA7
 - Announcements: deRSE, BlueSky
- New-old news: EVERSE and FAIRCORE4EOSC have launched a new Opportunity Area Expert Group: *OA7 Research Software* (<https://eosc.eu/opportunity-area-exp/oa7-research-software/>)
- Joint event in Africa: CHPC expressed interest to have an EVERSE satellite event; talks with UbuntuNet Connect currently ongoing; planned for late 2025
- Subscriber activity: 16 new subscriptions to the Network via the EU Survey + one additional via email (newsletter)

What's new

Webpage

- A *Collaborators* page in the making (Aspa)
- *Code of Conduct* in the making (Marco, Graeme, Sanje)
- *People* page currently still WIP but nearly ready to go
 - different tags per person available
 - now: need info about people → short descriptions (name, job title, affiliation, specialty) + picture
 - preview: <https://deploy-preview-49--creative-pothos-781f99.netlify.app/about/people/everse/>
- Tracking enabled, no nosy cookies
- *Newsletter* page as WIP; waiting for implementation of subscribe button (some issues)
