

Session Program

18 November 2024

LHC students poster session

Jets and QCD studies

CERN, 61/1-201 - Pas perdus - Not a meeting room -

Monday 18 November

17:35

Jets and QCD studies

Session | Location: CERN, 61/1-201 - Pas perdue - Not a meeting room -

17:35-17:36

The strong coupling constant and its running from inclusive jet production at CMS

Speaker

Valentina Guglielmi

17:36-17:37

First measurement and investigation of the ρ^0 -proton final-state interaction with ALICE

Speaker

Maximilian Korwieser

17:37-17:38

Topological separation of dielectron sources in pp at 13.6 TeV with ALICE

Speaker

Florian Eisenhut

18:35
