

## **Session Program**

**18 November 2024**

### **LHC students poster session**

#### ***Jets and QCD studies***

CERN, 61/1-201 - Pas perdus - Not a meeting room -

# Monday 18 November

17:35

## Jets and QCD studies

Session | Location: CERN, 61/1-201 - Pas perdue - Not a meeting room -

17:35-17:36

### The strong coupling constant and its running from inclusive jet production at CMS

**Speaker**

Valentina Guglielmi

17:36-17:37

### First measurement and investigation of the $\rho^0$ -proton final-state interaction with ALICE

**Speaker**

Maximilian Korwieser

17:37-17:38

### Topological separation of dielectron sources in pp at 13.6 TeV with ALICE

**Speaker**

Florian Eisenhut

18:35
