

Postbacc Experience

Kira Nolan

Dr. Matthew Graham, Caltech, Multi-messenger
astronomy

Research

- Exercise agency in your work and experience
- Be hyper-organized
- Have confidence in yourself

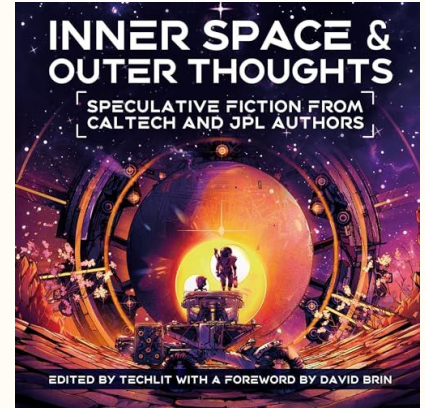

Involvement in Organization

- Organization sectors like communication, education etc.
- Mentorship
- First cohort did a Kaggle challenge

Community

- You can join clubs / orgs
- Most departments will have outreach programs
- Taking classes might be an option

Stepping Stones

- Great opportunity to find out if and what types of research you enjoy
- More time to network and explore career paths

Final Thoughts

- Postbac is a “choose your own adventure”
- Give yourself time - you don't have to be everything all at once
- Reach out for local and organizational level support
