

Session Program

14-18 Jul 2025

Parton Showers and Resummation 2025

Recent developments in jet physics

CERN, 4/3-006 - TH Conference Room

Thursday 17 July

14:30

Recent developments in jet physics

Session | **Location:** CERN, 4/3-006 - TH Conference Room

14:30–14:50

NNLO predictions with nonlocal subtractions and fiducial power corrections

Speaker

Alessandro Broggio

15:30

15:00–15:20

The Lund b-jet plane

Speaker

Andrea Ghira

16:15

Recent developments in jet physics

Session | **Location:** CERN, 4/3-006 - TH Conference Room

16:15–16:35

Super-leading logarithms and PDF factorization

Speaker

Dominik Schwienbacher

16:45–17:05

The perturbative structure of jet vetoes in azimuthal gaps

Speaker

Alexander Fraley

17:15–17:35

SLLs in $t\bar{t}$ production

Speaker

UPALAPARNA BANERJEE

18:25

17:45–18:05

Partial N³LL + NNLO Resummed Predictions for the Drell-Yan Process in Rapidity Dependent Jet Veto Observables

Speaker

Thomas Clark
