

## **Session Program**

**13-16 May 2025**

# **The Mitchell Conference on Collider, Dark Matter, and Neutrino Physics 2025**

## ***Tuesday Afternoon Session 1***

Mitchell Institute, Texas A&M University, Hawking Auditorium

Tuesday 13 May

13:45

Tuesday Afternoon Session 1: Tuesday Afternoon Session 1

Session | Location: Mitchell Institute, Texas A&M University, Hawking Auditorium | Conveners: James Dent, James Dent

13:45-14:08 Direct and indirect signatures of portals to hidden sectors

Speaker  
Can Kilic

14:08-14:31 Searches for Long Lived Particles at ATLAS and CMS

Speaker  
G Shani Nimeshika Perera

14:31-14:54 Evidence for Sterile Neutrinos and BSM Physics

Speaker  
William Louis

14:54-15:17  
Broad Physics Opportunities and Discovery Potential in the Forward Region at the LHC

Speaker  
Max Fieg

15:17
