

Session Program

25-30 Sept 2011

**XLI International Symposium on Multiparticle
Dynamics (ISMD2011)**

High Field Science by High-Intensity Lasers

Miyajima Morinoyado Inn, Conference room

Wednesday 28 September

15:15

High Field Science by High-Intensity Lasers: chair - NAKAMURA, Atsushi

Session | **Location:** Miyajima Morinoyado Inn, Conference room

15:15-15:40

Opportunities of fundamental physics at high-intensity laser facilities

Speaker

Kensuke HOMMA

15:40

16:00

High Field Science by High-Intensity Lasers: chair - NAKAMURA, Atsushi

Session | **Location:** Miyajima Morinoyado Inn, Conference room

16:30-16:55

Probing dark energy with high-intensity laser fields

Speaker

Yasunori Fujii

16:55-17:30

Laser technologies and the combined applications toward vacuum physics

Speaker

Masaki Kando

17:30-18:05

Known unknowns and unknown unknowns: astronomy vs. physics

Speaker

Yasushi Suto

18:05
