

## Feedback to feature: The PDF Timetable

*Wednesday 7 May 2025 11:00 (20 minutes)*

In this talk we will look at how a small bug report can turn into the rework of a large feature: The new PDF timetable. You will have a sneak peek into our core teams workflow for reworking features.

In the materials you will find three 'ICHEP' PDFs. These show the old simplified, old advanced and the new PDF generator in action on a large event like ICHEP.

**Presenter:** KUSTRA, Ajob (CERN)

**Session Classification:** Wednesday Morning Session
