# EELA/EUMEDGRID/EUChinaGRID training activities

- Training indicates here knowledge dissemination activities.

- Based on GILDA t-Infrastructure

- 2 main formats:
  - User: knowledge of the middleware services and how to interact with them (submitting jobs, retrieving outputs, managing data,…);
  - Administrator: how to install, configure and manage grid sites and services;

EELA/EUMEDGRID/EUChinaGRID training activities

# EELA/EUMEDGRID/EUChinaGRID training activities

- Promoting Local Training Teams
  - Build a core of knowledgeable people in the countries participating to these projects.
  - Start training in local languages enlarging the dissemination effect to other communities
    - e.g.: <u>gLite 3 User's Guide fully translated in Spanish by EELA!</u>
  - Local Training Teams already active in:
    - Brazil, Chile, Italy, Mexico, and Venezuela (EELA)
    - China, Greece, and Italy (EUChinaGRID)
    - Greece, Italy, and Turkey (EUMEDGRID)
- Next step: further customization to fulfill local needs.

EELA/EUMEDGRID/EUChinaGRID training activities

- Training material repositories created for all Projects:
  - EELA:
    - http://documents.eu-eela.org/?c=Training+Material&as=0&ln=en (per event basis)
  - EUChinaGRID:
    - http://documents.euchinagrid.org/?c=Training+Materials&as=0&ln=en (per topic basis)
  - EUMEDGRID:
    - http://documents.eumedgrid.org/?c=Training+Materials&as=0&ln=en (per topic basis)
