

Enabling Grids for E-scienceE

# Healthgrid workshop

*Round table*

[www.eu-egee.org](http://www.eu-egee.org)

INFSO-RI-031688

- **-> projects: which strategy are you considering to address data management and integration issues ? How would you like EGEE to contribute ?**
- **-> EGEE: In terms of biomedical data integration, how can EGEE contribute ?**
- **-> projects: Are there other areas for collaboration with EGEE ?**
  - Access to resources
  - Others
- **-> EGEE: what can EGEE offer in terms of collaboration ?**
- **-> All: bottlenecks for the development of grids for health**
  - Security
  - Lack of standards in medical informatics
  - Deployment in medical centers
  - Legal issues

- **Which strategy are you considering to address data management and integration issues ? How would you like EGEE to contribute ?**
- **David Manset (Health-e-Child)**
- **Kai Kumpf (@NEURIST and SIMDAT)**
- **Jarek Nabrisky (ACGT)**
- **Lingfen Sun (Biopattern)**

- **Among the needs expressed by the Healthgrid projects in terms of data management and integration, which one could be addressed by EGEE ?**
  
- **E. Laure, technical coordinator**
- **A. Frohner, middleware activity**
- **J. Montagnat, biomedical application**
- **R. Rumler & K. Koumantaros, infrastructure deployment**

- **Are there other areas for collaboration with EGEE ?**
- **David Manset (Health-e-Child)**
- **Kai Kumpf (@NEURIST and SIMDAT)**
- **Jarek Nabrisky (ACGT)**
- **Lingfen Sun (Biopattern)**

- **what can EGEE offer in terms of collaboration ?**
- **E. Laure, technical coordinator**
- **A. Frohner, middleware activity**
- **J. Montagnat, biomedical application**
- **R. Rumler & K. Koumantaros, infrastructure deployment**

- **bottlenecks for the development of grids for health**
- **Y. Legré, SHARE**
- **All**

- **Thank you**
