

Test of lepton flavour universality in W-boson decays into electrons and tau-leptons using pp collisions at $\sqrt{s}=13$ TeV with the ATLAS detector

Wednesday 4 June 2025 16:20 (20 minutes)

TOPQ-2023-10 - JHEP 05 (2025) 038

Presenter: BORISSOV, Guennadi (Lancaster University (GB))

Session Classification: Day 1
