

Session Program

27-28 Feb 2025

**DRD1 Topical Workshop on Detector
Manufacturing and Production**

Manufacturing Technologies

CERN, 160/1-009

Thursday 27 February

08:35

Manufacturing Technologies: Chair Gabriel

Session | **Location:** CERN, 160/1-009

08:35–08:55

MPGDs manufacturing at the CERN MPT Workshop

Speaker

Rui De Oliveira

08:55–09:15

uRGroove manufacturing

Speakers

Siqi He, Yi Zhou, Yi Zhou

09:15–09:35

New ideas for MRPC fabrication

Speaker

Imad Laktineh

09:35–09:55

Thermal Bonding Micromegas Technology

Speaker

Zhiyong Zhang

09:55–10:15

Construction techniques for seal and gas tight RPC

Speaker

Alberto Blanco

10:15–10:35

GridPix Technology: short overview and current status

Speaker

Dr Yevgen Bilevych

10:35
