

Session Program

27-28 Feb 2025

DRD1 Topical Workshop on Detector Manufacturing and Production

Production for Experiments and Projects (Lessons Learned)

CERN, 160/1-009

Friday 28 February

10:30

Production for Experiments and Projects (Lessons Learned): Chair Rui

Session | **Location:** CERN, 160/1-009

10:50–11:10 **CMS GEM**

Speaker

Piet Verwilligen

11:10–11:30

Gas distribution for first generation RPCs: problems and improvements

Speakers

Anton Dimitrov, Paolo Camarri

11:30–11:50 **ALICE GEM TPC**

Speaker

Piotr Gasik

11:50–12:10

Manufacturing the MEGII drift chamber: process and lesson learned

Speaker

Marco Chiappini

12:10–12:30

New construction technique for an ultra-light drift chamber

Speakers

Alessandro Miccoli, Francesco Procacci

12:50
