

WG4 working meeting - Low Pressure Simulation & Measurements

Report of Contributions

Contribution ID: 2

Type: **not specified**

Advances in the Operational Principles of MICROMEGAS Gas Detectors at Low Pressure.

Monday 10 February 2025 10:00 (30 minutes)

Presenters: PILO, Federico (Uni Pisa); ANTONELLI, giuseppe

Session Classification: Techniques for low-pressure simulations and measurements

Contribution ID: 3

Type: **not specified**

Discussion

Monday 10 February 2025 10:30 (1h 30m)

Session Classification: Techniques for low-pressure simulations and measurements
