

Session Program

10 February 2025

**WG4 working meeting - Low Pressure
Simulation & Measurements**

***Techniques for low-pressure simulations and
measurements***

Monday 10 February

10:00

Techniques for low-pressure simulations and measurements

Session | Location:

10:00-10:30

Advances in the Operational Principles of MICROMEGAS Gas Detectors at Low Pressure.

Speakers

Federico Pilo, giuseppe antonelli

12:00

10:30-12:00

Discussion
