

## Use case 2 - Anomaly Detection: Roadmap and Sprint Approach

*Thursday 27 February 2025 16:30 (45 minutes)*

- Showcase the finalized roadmap, including key milestones and deliverable.
- Outline the agile sprint development process we intend to follow and the different stakeholder roles
- Open discussion on roadmap and use case prioritization (Registration vs. Transaction vs. Global Fleet)

**Session Classification:** Use case 2 - Anomaly Detection
