Vetenskapsrådet

# The program at a glance

## And last-minute changes

1. PanScales overlap session →Tuesday morning.
2. Continue or end tuning project →Wednesday morning.
3. Question: Hadronization bug: Swap with Mon. late afternoon?

Laulainen

Let the program stay a bit flexible if needed!

# What are your main goals for the week?

**Let us go around the table**

Editor link to common Google doc:

https://docs.google.com/document/d/12dRWnXPqLvv-RqggPvEOj-_Yvr2_EJ4q-EvutugT67c/edit?usp=sharing

Please add your goals for the week, and use it for common notes.

**Take individual responsibility for adding notes to your goals!**

**This way we maximize transparency of take-home points.**

**See my example.**
