

Session Program

18-19 Nov 2025

7th Annual Conference of the Nordic Network for Diversity in Physics (NORNDiP)

Frontiers of Physics

Chalmers University of Technology, Reception, Kårhuset/Student Union building
Chalmersplatsen 1, Gothenburg

Tuesday 18 November

13:10

Frontiers of Physics

Session | **Location:** Chalmers University of Technology, RunAn, Chalmersplatsen 1 | **Convener:** Robert Cumming

13:15-13:35

Challenging the Classical: Quantum Gravity, Noncommutative Geometry, and the value of diverse academic trajectories

Speaker

Anna Pachol

13:35-13:55

From nuclei to stars: pathways in nuclear astrophysics

Speaker

Anu Kankainen

14:00-14:15

A spacetime interpretation to the confluent Heun functions in Black Hole Perturbation Theory

Speaker

Marica Minucci

14:15-14:30

Modelling the Electronic Stopping Power for Diverse Ion Trajectories

Speaker

Glen Pádraig Kiely

14:30
