

Session Program

15-21 Jun 2025

ASRP 2025 - Alpik School for Radiation Physics

Lectures L16-2

Yerevan
IAPP NAS RA - Yerevan, Armenia

Monday 16 June

12:40

Lectures L16-2

Session | **Location:** NAS RA Yerevan | **Convener:** Sultan Dabagov

12:40–13:20

Investigation of Surface Acoustic Waves Propagation in Solids Using X-Ray and SEM Methods

Speaker

Dmitry Roshchupkin

13:20–14:00

The First Station In Russia For Combining X-Ray Coherent And Incoherent Methods In Geology And Geochemistry

Speaker

Aleksey Gogolev

14:00–14:40

High-intensity LASER-matter interaction

Speaker

Danilo Giulietti

14:40
