

Session Program

1-6 Sept 2025

**NuFact 2025 - The 26th International
Workshop on Neutrinos from Accelerators**

WG1+WG3

Liverpool, UK

Thursday 4 September

11:00

WG1+WG3

Session | **Location:** The Spine, Liverpool, Main Auditorium | **Convener:** Maja Olvegaard

11:00–11:25

The implementation of a monitored and tagged neutrino beamline at CERN for the nuSCOPE experiment

Speaker

Marc Andre Jebramcik

11:25–11:50

Hadron Production Measurements for Neutrino Beams in NA61/SHINE

Speaker

Alysia Marino

11:50–12:15

Neutrino flux predictions from the J-PARC beam

Speaker

Ian Heitkamp

12:15–12:40

First detection of a tagged neutrino in the NA62 experiment

Speaker

Radoslav Marchevski

12:40
