

Session Program

1-6 Sept 2025

NuFact 2025 - The 26th International Workshop on Neutrinos from Accelerators

WG1+WG5

Liverpool, UK

Thursday 4 September

13:45

WG1+WG5

Session | **Location:** The Spine, Liverpool, Main Auditorium

13:45-14:10

Alternate presentations of neutrino oscillation results from T2K for the precision era

Speaker

Marvin Pfaff

14:10-14:35

Unitarity Test for Lepton Mixing

Speaker

Sho Sugama

14:35-15:00

Investigations of the MiniBooNE anomaly and sterile neutrinos with MicroBooNE

Speaker

Dr Jessie Micallef

15:45
